HAZARDOUS MATERIALS

The following is the required information as outlined in the CRF 49 (Code of Federal Regulations, Section 49).

It is our responsibility as an intermediary to transmit the appropriate information **in the required format**. There are strict penalties for transmitting erroneous data. Fines can be levied in the amount of \$10,000 per transit day for even format errors, regardless of the information being correct.

For surface transportation, there are seven (7) mandatory items to be listed on the shipping instructions for **EACH** hazardous item.

- 1) PROPER SHIPPING NAME (example: "Isopropanol")
- 2) HAZARD CLASS (example: Flammable Liquid)
- 3) I.D.# UN or NA (example: UN 1219)
- 4) TOTAL QUANTITY BY WEIGHT & UNIT OF MEASURE
(example: QTY 10, UNIT WEIGHT/MEASURE 20lb or 2gal, TOTAL WEIGHT 200 lbs)
- 5) PLACARD NOTATION (if applicable)
- 6) EMERGENCY PHONE NUMBER 1-800 ____ - ____
- 7) SHIPPER CERTIFICATION STATEMENT

The following is the proper format in which to list this information:

QTY	PROPER SHIPPING NAME	HAZARD CLASS	I.D.#	TOTAL WGT
X 10 CTNS	ISOPROPANOL	FLAMMABLE LIQUID	UN 1219	200 LBS

ALL HAZARDOUS MATERIAL ITEMS MUST BE INDICIATED BY AN "X" OR AN "" IN THE LEFT HAND COLUMN OR LISTED FIRST WITH A SEPARATION FROM THE NON-HAZARDOUS COMMODITIES.*

EMERGENCY RESPONSE # 1-800-____ - ____

No abbreviations are allowed in the listing of information except in the area of units of measure or weight, i.e., CTNS, LBS., etc.

If you have any questions regarding appropriate information,
 please call our main office at (847) 446-0440.
